

Meaning and Purpose Vision Board

*Start by jotting down answers to the following questions.
Try to list 2-4 thoughts for each question if possible.*

- ★ What do I like so much that I would do it for free?

- ★ When I daydream, where does my heart go?

- ★ What do I feel compelled to pursue?

- ★ What do I really care about regarding my personal growth?

- ★ What sparks my interest or creativity?

- ★ What group of people do I have a special affinity and love for?

- ★ When I am most energized and focused, what am I working on?

- ★ What issues, organizations, or communities are most important to me?

- ★ What does contentment, joy or happiness look/feel like?

*Take away a word or concept from each of your answers and arrange them into a
"vision board" on the back of this page (feel free to be creative!)*
